LEA COUNTY EXTENSION

MASTER GARDENERS

Everyone is welcome

All levels of gardening knowledge and ability are welcome.

Whether you are an experienced gardener, just getting started, or simply curious, you are welcome to take part in our activities. Participation does not require the Master Gardener class; the class is required only for official membership.

We learn together through hands-on activities, community events, time spent outdoors, and field trips.

What we're growing together

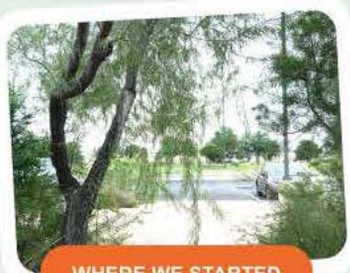

GETTING STARTED

GROWING FOOD

Growing food for community

Creating and maintaining a food garden at the Lovington Food Coalition.

NATIVE PLANTS WORKING GROUP

WHERE WE STARTED

RESTORATION IN PROGRESS

Supporting native plants

Restoring and improving the native planted area at the Western Heritage Museum.
